

CRUTCHER & STARKS DISSOLUTION.

A FEW weeks of this sale has gone by with gratifying results, the sacrificed values brought throngs of buyers—and they in turn brought others—and thus the carnival of bargains gains in public favor as the hours roll by. Lines of medium and low priced goods, broken and almost depleted by liberal purchasing has been replenished by marking down higher grades and finer qualities to take their place. The dismemberment and dissolution of our firm "COMPELS" us absolutely to continue to the bitter end. This ruthless carnage of destruction of values—this upheaval and upsetting of all preconceived and generally accepted business methods is a case of necessity and not of choice. Messrs. John P. and I. F. Starks (as previously announced) retire from this business July 8th, 1895. Every cash dollar that can be raised by the forced sale of this stock will be raised for the final settlement of affairs on that day.

A Stout Candidate.

At the primary election in Anderson county on Saturday, to nominate a Democratic candidate for the Legislature, Mr. John T. Stout, of Alton, was nominated—carrying every precinct in the county over Col. Thos. H. Hawks, the veteran politician, thus fulfilling his prediction made early in the canvass that he would beat the Colonel in his own precinct. Mr. Stout lives only a short distance over the Franklin line, and has a ten acre lot full of friends in this county who are highly pleased at his success.

LOUISVILLE TOBACCO MARKET.

FURNISHED BY GLOVER & DURRETT, LOUISVILLE TOBACCO WAREHOUSE.

Sales on our market for the week just closed amount to 2,977 hhds., with receipts for the same period of 1,919 hhds. Sales on our market since January 1st amount to 86,169 hhds. Sales of the crop of 1894 on our market to this date amount to 88,438 hhds.

Our market for burley tobacco this week has been the strongest of the year, some grades showing a decided advance, especially the medium grades. It has now become generally recognized that manufacturers must "class up" a considerable per cent. of the crop that has heretofore seemed rather inferior for their good brands, for it is evident that the supply of such burley leaf which was classed good to fine during the winter months is inadequate for the requirements of the standard brands of plug. There has been no "boom" in prices, as is supposed in some quarters, but only such healthy improvement in values as the situation seems to justify. One hoghead of burley leaf sold this week on our market at \$25 per hundred, being the highest price thus far realized for the 1894 crop.

The transplanting of the crop in the burley section is very much smaller than usual at this time of year, there being only a small per cent. of the intended crop now on the hill. The delay being the result of a lack of sufficient planting seasons in some localities and a general fear of putting out the crop during the unprecedented supply of cut worms. As a rule plants are fine and abundant—the ground is ready and in splendid condition and the disposition and intention exists to put out a full crop.

The following quotations fairly represent our market for burley tobacco 1894 crop:

Trash (dark) or damaged	\$1 50@	\$2 75
Common Colory trash	3 00@	3 75
Medium to good colory trash	3 75@	5 50
Common lugs not colory	2 50@	4 00
Common Colory lugs	4 00@	5 50
Medium to good colory lugs	5 50@	8 50
Common to medium leaf	6 00@	10 00
Medium to good leaf	10 00@	15 00
Good to fine leaf	15 00@	18 00
Select or wrappery	18 00@	25 00

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
